

Clinician Brainstorming Event

We would like to invite occupational therapists and speech language pathologists to share ideas with representatives from the School of Rehabilitation Science, College of Medicine during an informal discussion about the future of Saskatchewan's OT and SLP programs. A brief program development update from USask will be provided at the beginning of the sessions, but the focus will be on collaborative brainstorming. This is your opportunity to share your thoughts on how to develop high quality programs that meet Saskatchewan's needs.

Please try to attend either our noon or evening session and invite your colleagues. Advance registration is not required. If you are unable to attend one of the sessions, please remember that the Expansion Portal is another way to share your ideas and questions with us. The portal can be accessed at [SLP and OT Program Development Feedback Portal](#).

OCCUPATIONAL THERAPY SESSIONS:

Tuesday, November 21, 2023, 12:00 – 1:00 p.m.
